SABLE ISLAND

I AM HERE

I AM WILD

I AM PART OF YOU...FREE

A physically and emotionally charged work, Sable Island embodies the relentless sway of the fierce ocean encircling the famous isle and the mystery, isolation and untamed spirit of the wild horses that live there. Masterfully performed by a quintet of dancers, this powerful work features an original musical score by Montréal composer Bertrand Chénier, who transforms the theatre into a windswept island, ocean floor and rocky shoreline, with a poetic palette of piano, bass, and mandolin.

Commissioned and premiered by Mocean Dance, 2015
